Message from HOD's Desk

Dr. B. L. Gunjal, HOD, Dept. of IT

" यत् भावो तत् भवति...!!
(What you believe, so you become)

The academic planar of 2024-25: Semester-II was effectively implemented by TEAM-IT and SITES including all faculties and students with support of college authorities. NBA, New Delhi team visited as a part of accreditation compliance. Thanks to all experts of I.T. field those visited department, interacted with faculties, students and provided valuable inputs to I.T. department: Mr.Tanmay Dixit, Nashik, Dr. Priti Jorvekar, Developer Calsoft Pune, Mr. Sudeep Hase, Director, Yuva Polyprint, Sangamner, Mr. Vishal Kadlag, BI and Data Architect, TCS Pune, Ms. Suvarna Bibe, CEO, MyWebZ Sangamner, Ms. Dhanashri Autade, Senior Consultant, Capgemini Pune, Dr. Parikshit Mahalle, VIT, Pune, Mr. Sumit Attal, CEO MaxTech, Mr. Ajay Bhujbal, SBI Kopargaon, Mr.Rahul Wagh, Pune, Mr.Nikhil Kulkarni, General Manager & Head Incubation, Nashik, Mr.Virendra Patil, Senior Software Engineer, Exabeam Pune, Mr. Dakshineshwar Swain, Senior Technical Lead, InfoBeans, Pune, Dr.R.N.Devikar, Swabhav Techlabs, Mumbai, Dr. V.S. Sable, HoD, AVCOE-MBA, Trainers of Edunet Pune, EYGDS, Zensar Technologies and Gnosis, Mr.Abbinav Tiwari, Selfmade Software Pune, Mr.Sumeet Boob, Senior Manager Brillio Pune, Ms.Chaitali Pandharpure, Assistant Vice President in Deutsche German Bank, Pune.

The students visits of SE at Credit Systems, Pune, BE at Yuva Polyprint, Sangamner, students representatives visit at

Ankai Tankai Fort are successfully completed. Congratulations to all 57 BE students those placed till end of this academic year. Congratulations to Ms. Pratiksha Pawase, Mr. Dipak Mandlik, Ms. Sonali Thorat, Mr. Pranav Gagare, Mr. Abhishek Karpe, Ms. Aditi Phapale, Mr. Sandesh Dhage, Ms. Nayana Jadhav, Ms. Pooja Khule, Ms. Shruti Kawade, Mr. Amol Gaikwad, Ms. Tanuja Kawade, Ms. Komal Pawar for Amrut meritorious scholarship. Congratulation to Mr. Atharva Awari and interdisciplinary team won prize of Rs. 15,000 at Andhra University, Ms Kajal Ghodake Qualified GATE-2K25 examination, Mr. Sushant Gunjal, Yash Deth and interdisciplinary team received Best Startup Award Startup Expo-2025, Pune. Congratulations to AmrutExpo-2025 winners: Mr. Abhishek Karpe and team(First Prize: Rs: 5000/-), Ms. Mugdha Upasani and team(Second Prize: Rs: 3000/-), Ms. Prachi Rahane and team(Third Prize: Rs: 2000/-).

Congratulations to winners of IoT project competition organized in association with IEI chapter of IT department: Mr. Dhiraj Dahale with team, Ms. Narode Shubhangi with team and Mr. Aditya Patil with team received First prize(Rs,3000), Second prize(Rs.2000) and Third prize(Rs.1000) respectively. Mr. Bhawar Mahesh and Team secured second prize (Rs.2000) winning team in Smart Campus Ideathon organized by Computer Engg Department. Mr. Ashish Bhagwat and Team secured 3rd prize(Rs.1000) winner team in AI visionary organized by Computer Engg Department. Special congratulations to the students for Hackathon participation at various states: Mr. Dhiraj Dahale and his interdisciplinary team at Karnataka. Mr. Narendra Wakhare, Mr.Yash Gorde, Ms Mayuri Shirude and their interdisciplinary team at Tamilnadu. Ms. Nikita Pawar and her interdisciplinary team at Delhi, Mr. Abhijit Gorde and interdisciplinary team at Telangana. Ms. Pathan Sabiha, Ms. Sonawane Pooja and Mr. Mulay Atharva participated in inter college Chess competition at Shirdi. Congratulations to following students for receiving copyrights for their Hackathon based projects: Ms.Nikita Rajendra Pawar as interdisciplinary team, Mr.Narendra Wakhare, Ms.Mayuri Shirude, Mr.Yash Gorde and interdisciplinary team, Mr.Dhiraj Dahale and interdisciplinary team.

Appreciation to IT faculties for various achievements in this semester: Dr.B.L.Gunjal and Prof P.S. Hase published book chapter. Dr.B.L.Gunjal and Prof A.D. Gawali received copyright. Prof Y.R. Chikane, Prof P.S. Hase and Prof A.D.Gawali completed NPTEL certifications. Dr. R.S.Bhosale published book. Prof R.B. Pawar attended three days Juniper Conference at Bangalore. Prof A.D. Gawali, Prof R.A. Hande, Prof R.A. Bibave, Prof N.S. Hodgar and Prof S.R.Satpute received ISTE life membership. Dr. B.S.Borkar, Dr.A.V.Markad, Dr. M.A. Chaudhari, Prof S.C. Deshmukh, Prof R.N. Muneshawar and all IT faculties completed 5S workshop.

Our ultimate goal is to strive for excellence in academic, results, placements and overall development of students. We strongly believe that "Excellence is a continuous process and not an accident."

AMRUTVAHINI COLLEGE OF ENGINEERING, SANGAMNER

Institute Vision and Mission

To create opportunities for rural students to become able engineers and technocrats through continual excellence in engineering education.

Our mission is to create self-disciplined, physically fit, mentally robust and morally strong engineers and technocrats with high degree of integrity and sense of purpose who are capable to meet challenges of ever advancing technology for the benefit of mankind and nature.

We the management, the faculty and staff therefore promise strive hard and commit ourselves to achieve this objective through a continuous process of learning and appreciation of needs of time.

DEPARTMENT OF INFORMATION TECHNOLOGY

Department Vision, Mission, PEOs, PSOs

To transfer the rural learners into competent I.T. engineers and technocrats in emerging areas of I.T. Engineering education through continual excellence for the benefit of society.

- M1:** To empower the youths in rural communities to be self-disciplined, physically fit, mentally robust and morally strong I.T. professionals.
- M2:** To provide cutting-edge technical knowledge through continuous process in rapidly changing environment as per need of industry and surrounding world.
- M3:** To provide opportunities for intellectual and personal growth of individuals in rural platform using high quality Information Technology education.

Program Educational Objectives (PEOs)

PEO1: To develop competent I.T. graduate with knowledge of fundamental concepts in mathematics, science, engineering and ability to provide solution to complex engineering problem by analyzing, designing and developing using modern I.T. software and tools.

PEO2: To prepare I.T. graduate with professional skills of better communication, teamwork to manage projects in I.T. field at global level and ability to conduct investigations of complex problems using research based knowledge and research methods.

PEO3: To develop I.T. graduates with ethical practices, societal contributions through communities understanding impact of professional engineering solutions in societal and environmental context and ability of lifelong learning.

PEO4: Have commitment ethical practices, societal contributions through communities and life-long learning.

PEO5: Possess better communication, presentation, time management and team work skills leading to responsible & competent professional sand will be able to address challenges in the field of IT at global level.

Program Specific Outcomes (PSOs)

PSO-1: Apply principles of science, mathematics along with programming paradigms and problem solving skills using appropriate tools, techniques to expedite solution in I.T. domain.

PSO-2: Demonstrate core competencies related to I.T. in domain of Data structures and algorithms, Software Engineering and Modeling, Hardware, Distributed Computing, Networking & security, Databases, Discrete mathematics and algebra, Machine Learning, Operating System.

PSO-3: Demonstrate leadership qualities and professional skills in modern I.T. platform for creating innovative carrier paths in placements, entrepreneurship and higher studies.

MILAP ALUMNI MEET 2025

IT alumni meet under Medha - 2K25 was conducted on 2/2/2025 at SV hall between 2.00pm to 4.00pm. Total 24 alumni attended the meet. The senior alumni including batch 2010, 2011, 2012, 2014 alumni including entrepreneurs, working in MNCs and PhD holder attended the meet.

The flow of alumni meet was as follows:

1. Welcome address by student anchors: Ms. Aditi Nehulkar
2. Department presentation by HoD IT: Dr. B.L. Gunjal
3. Address by 3 senior alumni: Dr. B.D. Borkar, Dr. R.S. Bhosale and Dr. A.V. Markad
4. Felicitation of alumni by hands of IT faculties along with students' representatives
5. Address by guest alumni one by one
6. Responses of alumni to students' queries
7. Feedback by Prof S.C. Deshmukh and vote of thanks by Prof R.B. Pawar

MILAP ALUMNI MEET 2025

AMRUT MERITORIOUS

Amrut Meritorious Scholarship Distribution 20-2-2025. Dr.M.A.Venkatesh, Principal AVCOE Dr.B.L.Gunjal, HoD IT, Mr.Sumit Attal(IT:2008 Passout), CEO MaxTech and Mr.Vishal Kadlag(IT:2011 Passout), TCS, Pune, IT-Faculties, FE-M and N division students, SE-A and B division students were present for this function. Total 17 IT students received AmrutMeritorios scholarship of Rs: 6000/- each being SGPA 9.5 or above in academic year 2023-24 SEM-II.

AMRUT MERITORIOUS

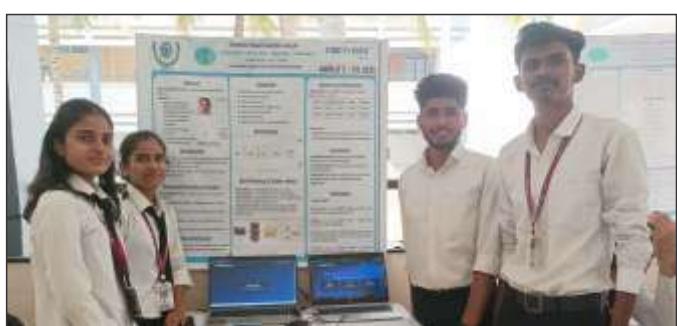

AMRUT EXPO 2025

Few snaps of Amrutexpo-25 Project Exhibition cum Competition of Amruthvahini COE, Sangamner held on 4th and 5th April 2025. Coordinator: Dr.A.V.Markad.Total 65 BE-IT students participated this event.

The judges for IT department were:

- 1.Mr.Vishal Kadlag, Business Intelligence Architect, TCS Pune, 2011 Passout
- 2.Mr.Virendra Patil,Senior Software Engineer, Exabeam Pune, 2011 Passout
- 3.Mr.Dakshineshwar Swain, Senior Technical Lead, InfoBeans, Pune, 2017 Passout

NBA EXPERT VISIT

NBA Experts Team for IT, ETC and Civil visited college on 31-5-2025

CLUB

"Essay writing Competition" - Phoenix club organized Essay writing competition for IT Dept. under the phoenix club. This event was organized on 24/09/2024. The winner of the competition were:

1. Shruti Sakahari Satpute - SE - B
2. Gauri Balasaheb Chature - SE - A
3. Rohan Sunil Pawar - TE

Event Coordinator: Prof A.D. Gawali

"AI Teachers: The future of Learning with a Human Touch"

"Imagine a classroom where your teacher never gets tired, adapts to your learning pace instantly, and provides personalized lessons 24/7. This is no longer science fiction but the reality made possible by artificial intelligence. AI teachers are revolutionizing education, offering innovative solutions to long-standing challenges. But can they truly replace human teachers?"

"AI will not replace teachers, but teachers who use AI will replace those who do not."

AI is transforming the classroom by offering personalized learning experiences. AI teachers have the ability to adapt lessons according to each student's individual pace and understanding. This ensures that no one is left behind, as AI can quickly identify areas where a student might be struggling and adjust the teaching approach accordingly.

Moreover, AI technology holds the promise of making education more accessible and inclusive. It can also assist students with disabilities, offering customized learning aids that address their

Name: Chature Gauri Balasaheb (SE II A)

The Role of AI Teachers in Modern Education

In recent years, artificial intelligence (AI) has emerged as a transformative force across various sectors, and education is no exception. AI teachers, powered by advanced algorithms and machine learning, have begun to reshape the traditional classroom experience. This essay explores the benefits, challenges, and future potential of AI in education.

One of the most significant advantages of AI teachers is their ability to provide personalized learning experiences. Unlike traditional educators, AI systems can analyze a student's learning patterns and adapt the curriculum to meet individual needs. This personalized approach helps address diverse learning styles, ensuring that each student can progress at their own pace. For instance, platforms like adaptive learning software can modify content difficulty based on real-time assessments of a student's performance. Furthermore, AI teachers can enhance accessibility in education. Students with disabilities or learning difficulties can benefit from AI's tailored support, such as speech recognition for those with dyslexia or interactive tools for students on the autism spectrum. By providing customized resources and assistance, AI can help create a more inclusive learning environment.

AI teachers also offer the advantage of scalability. Traditional classroom settings often face challenges in maintaining engagement and addressing the needs of large groups. AI systems can simultaneously support thousands of students, providing immediate feedback and facilitating continuous learning. This scalability can significantly

AI Teacher

AI Teacher: A New Era in Education

In the 21st century, technological advancements have transformed many sectors, including education. One of the most significant innovations in this field is the introduction of artificial intelligence (AI) as a teaching tool. The concept of an AI teacher is not just futuristic but is gradually becoming a reality. This development has the potential to revolutionize the way students learn and teachers teach, making education more personalized, efficient, and accessible. However, while AI teachers offer numerous advantages, there are also concerns about their limitations.

An AI teacher refers to the use of artificial intelligence to assist in the teaching and learning process. This technology involves intelligent software systems that can provide lessons, assess students, and even adapt to individual learning styles. Unlike traditional teachers, an AI system does not need rest, can work 24/7, and has the capacity to teach unlimited students simultaneously. With advancements in machine learning and data analytics, AI teachers can provide an interactive and customized educational experience, tailored to the needs of each learner.

One of the key benefits of AI teachers is their ability to deliver personalized learning. Every student learns differently—some grasp concepts quickly, while others may need more time or alternative explanations. In a conventional classroom, it is challenging for one teacher to cater to the needs of all students. An AI teacher, however, can track a student's progress in real-time, identifying areas where they struggle and adjusting

Gunjal published book chapter " A Comprehensive Study of Sentiment Analysis Predicted On Machine Learning Classifiers for various datasets" in the book " Futuristic Trends in IOT" Volume 3, Book 6, ISBN: 978-93-6252-732-5, published in IIP series by Iterative International Publishers, 30/4/2024.

4. Prof. R.A.Bibave attended workshop about Women safety and scholarship at SPPU Pune. 20/9/2024.

5. Congratulations following IT faculties for their NPTEL certification in Research Methodology with ELITE score.

1. Prof P.S.Hase
2. Prof A.D.Gawali

6. Prof Anita Gawali, Dr. Baisa Gunjal received copyright on Context-Base Sentiment Analysis with Various feature Extraction Techniques Using Deep Learning(L-155049/2024)

7. Prof R.B. Pawar attended Juniper Conference at Bangalore during 23/10/2024 -25/10/2024.

8. Congratulations for publishing paper in UGC Care Journal: IJTE, Volume 47 | Special Issue | October 2024, ISSN 0971-3034.

1. Smart Crop Prediction and Fertilizer Recommendation using Machine Learning 129
R.S. Bhosale, Tushar P. Kakad, Komal C. Kakad, Sagar H. Supekar, Siddhi B. Shirole

2. Tomato Leaf Diseases Detection using Deep Learning 380 R. S. Bhosale, Rishikesh Arote, Amishwar Deshmukh, Prasad Shinde

9. Dr. B.L.Gunjal & Mr. V.K. Abhang registered copyrights on A novel deep learning-based drug response prediction with multi-omics, drug molecules and gene interactions(L-156301/2024)

10. Dr. B.L. Gunjal, P. B. Vikhe presented research paper on topic "Advanced Machine Learning Based Capsicum Leaf Disease Prediction System" in 4th IEEE international conference at Tamilnadu, India, 12-13 December 2024.

11. Dr. B.L. Gunjal, P. B. Vikhe presented research paper on topic "Capsicum Leaf Disease Detection using different learning techniques" in 5th IEEE international conference at Bengaluru, India, 17-18 December 2024.

Congratulations !!

Congratulations !!

Congratulations !!

Faculty Achievements

12. Dr. Baisa L. Gunjal attended National level STTP on Java Full stack with React JS and AI organised by Brainovision in association with AVCOE and AICTE during 2/12/2024-22/12/2024.

13. Prof A.D. Gawali, Prof R.A. Hande, Prof R.A. Bibave, Prof N.S. Hodgar and Prof S.R. Satpute received Life Membership of Indian Society for Technical Education (ISTE)

14. Dr. A.V. Markad participated in 5 Days FDP on Next Generation Technologies in Information & Communication organized by BCET in association with IIC during 5/11/2024-9/11/2024

15. Dr. A.V. Markad Successfully Completed one week FDP on "Generative AI & Its Multidomain Use Cases" organized by VIT, Pune during 02/12/2024 to 06/12/2024.

16. Prof R.A. Bibave attended "Outcome Based Education in line with NBA" conducted during 14/10/2024-18/10/2024 at S.P.I.T.Polytechnic, Parner

17. Dr. B.L. Gunjal worked as session chair in IEEE international conference at Cummins College of Engineering, Pune held during 16/1/2025-17/1/2025

18. Following faculties attended the training about "Faculty Development Adventure: Elevate your skills", organized by Zensar Learning Academy at Zensar Learning Academy, Zensar Technology Kharadi, Pune on 21/01/2025:

1. Dr. R.S. Bhosale
2. Prof S.C. Deshmukh
3. Prof R.B. Pawar
4. Prof R.A. Hande
5. Prof. R.A. Bibave

19. All 15-IT faculties attended GATE tutor training by Mr. Mallikarjun Borigidde, CEO, Founder, GATE Tutor Infoedge Pvt Ltd 18/3/2025:

1. Dr. B.L. Gunjal
2. Dr. B.S. Borkar
3. Dr. R.S. Bhosale
4. Dr. A.V. Markad
5. Dr. M.A. Chaudhari
6. Prof S.C. Deshmukh

7. Prof. R.N. Muneshwar
 8. Prof. Y.R. Chikane
 9. Prof. P.S. Hase
 10. Prof. A.D. Gawali
 11. Prof. R.B. Pawar
 12. Prof. R.A. Hande
 13. Prof. R.A. Bibave
 14. Prof. S.R. Satpute
 15. Prof. N.S. Hodgar

20. Dr. Baisa L. Gunjal, Vikram Abhang, "Deep Graph Ensemble Convolution Neural Networks for Drug Response Prediction from Multi omics Cancer Cell Lines", Computer Research and Development: Elsevier Scopus and UGC Approved Journal, ISSN: 1000:1239, Vol.25, Iss.4, PP: 102-116, 2025
<https://journalcrd.org/volume-25-issue-4-2025/>

21. Dr B.L Gunjal worked as external examiner for PhD Thesis Evaluation at Bharati Vidyapeeth University, Pune, 8-6-2025

22. Prof P.S. Hase and Dr. B.L. Gunjal received copyright on Productive Sentiment Analysis using Machine Learning Classifiers XG Classifier perspective (37093/2024/CO/L)

23. The workshop "Awareness about 5S" organised in AVCOE during 25/9/2024 to 27/9/2024.

The workshop 5S (Sort, Set in order, Shine, Standardize, Sustain) was hosted by Mechanical Engineering Department. All IT faculties attended it.

Congratulations !!

Congratulations !!

Congratulations !!

Student Achievements

Student Achievements

1. Congratulations to following TE-IT students for Amrut Meritorious Scholarship

- i) Ms.Sonali Thorat(SGPA:9.71)
- ii) Mr.Abhishek Karpe(SPPA:9.52)

2. Congratulations to our Second prize winning team(Rs:2000) in Smart Campus Ideathon organised by Computer Engineering Department, 24/9/2024

Team members -

- 1)Bhawar Mahesh (Team leader)
- 2) Bansode Rohan 3) Barsale Sham
- 4) Deshmukh Rohan 5) Bhavar Nivedita 6) Varpe Tejal

3. Congratulations to our 3rd prize winner team(Rs.1000) in AI Visionary organised by Computer Engineering Department, 24/9/2024

- 1.Ashish Bhagwat (IT)
(Team Leader)
- 2.Amol Gaikwad (IT)
- 3.Shrinath kale(IT)
- 4.Atharv Awari(IT)
- 5.Bhumika chitte(Comp)
- 6.Sadiya Sheikh(Comp)

4. Appreciation to following IT students for their active participation in Inter College Chess competition conducted at Shri Saibaba College Shirdi on 23rd & 24th September 2024...

- 1. Ms.Pathan Sabiha (TE)
- 2. Ms.Sonawane Pooja(TE)
- 3. Mr.Mulay Atharva (SE)

Congratulations !!

Congratulations !!

Congratulations !!

Student Achievements

10. Congratulation.Following SE-IT students for SGPA greater than 9.5 in DEC -2024 examination

1. Kawade shruti R::9.86
2. Gaikwad Amol A::9.77
3. Kawade tanuja B::9.73
4. Pawar Komal S ::9.59

11. Second Year Students Team Aarambh Participated in Grand finale of CMR HACKFEST 2.0 (36 Hours National Level Hackathon)at CMR COET, Telangana, 31/1/2025-1/2/2025

Team name - Aaramb
Members-
Abhijit Gorde (IT)
Chaityana Patil (Comp)
Parag Patil (Comp)
Ayush Nirmal (Comp)
Rajat Chaudhari (ECE)
Title - Redefining Trust in the Food Chain with Blockchain and IoT

12. Appreciation...!!!. Following SE-IT students attended Bhartiya Chatra Sansad 2025 at MIT-WPU during 8-11 Feb 2025.

- i. Mr.Ashish Bhagwat. ii. Mr.Dhiraj Dahale ii. Mr.Suraj Deshmukh.

13. Congratulation..!!!.IT students as NSS volunteers for receiving Best Team Award from Maldad Grampanchayat during NSS Camp-2k25, 12/2/2025-18/2/2025:

- 1.Aishwarya Kadhane
- 2.Mayuri shirude
- 3.Shankar Ghuge
- 4.Yuvraj Hase with interdeciplinary team

14. Congratulations team Mastersoft secured 4th rank in the 24-hour National Level Hackathon- MegaHack 5.0 held at St.John College of Engineering and Management, Palghar,7 and 8 march 2025.

Team members:-
Amol Gaikwad(IT),
Jay Phad(Computer),
Bhumika Chitte(Computer),
Shaikh Sadiya(Computer).

15. Congratulations Ms Kajal Ghodake, BE-IT Qualified GATE-2K25 with marks 26.64, GATE Score:324.

Congratulations !!

Congratulations !!

Congratulations !!

Student Achievements

16. Congratulations...!!!

Following group attended Ideathon 2.0 at Pimpri Chinchwad University (PCU), Pune. Proud to share that our solution GramSuchna by Team Immortal was selected among the Top 10 finalists, and further made it to the Top 5 solutions in the Social Impact category, 5-6 April 2025

Team Immortal:

Dhiraj Dahale:SE IT-A (Team Lead)
Chaitanya Thorat:TE CSE
Kshitij Tipale:TE CSE
Sairaj Thorat:TE CSE

17. Congratulations...!!! Our AVCOE Team honoured with Best Startup Award in

Pune Startup Expo-2025 held at MITWPU, Pune, 10/4/2025

Students Team..

1.Sushant Gunjal(IT)
2.Yash Deth(IT)
3.Shreya Jadhav(ENTC)
4.Divyesh Dongare(Comp)

18. Congratulations...!!! AVCOE Team Amrut Coders including IT and AIDS Students won 2nd prize of Rs. 15,000/- in National-Level 2-Day Hackathon – Build Bharat Through AI, hosted by the Dept. of ITCA & CSSE and Codeiam Club, Andhra University. Total 223 teams participated in hackathon, 16-17 April 2025.

Theme :- Disaster Preparedness and Relief

Team members:

1. Atharva Awari(IT)
2. Yash Kamble (AI&DS)
3. Abhijit Pawase (AI&DS)
4. Ishwari Gunjal (AI&DS)
5. Sejal Wakchaure (AI&DS)

19. Congratulations...!!! Following 3 Project groups received copyrights for their Smart India Hackathon (SIH) project work::

A) Ms. Nikita Rajendra Pawar as interdisciplinary group along with Comp. Engg students
Title: Microphone Array-based Direction Of Arrival For Gunshot Detection
Diary No: 35827/2024-CO/L

B) Mr. Narendra Digambar Wakhare, Ms. Mayuri Yogesh Shirude, Mr. Yash Rajendra Gorde as interdisciplinary group along with Comp. Engg students
Title: ShuddhiNetra Nirikshak – AI-Driven Cleanliness & Ambience Monitoring and Alert System for the Department of Posts
Diary No: 35943/2024-CO/L

C) Mr. Dhiraj Sachin Dahale as interdisciplinary group along with Comp. Engg students
Title: AI-Based Chatbot for Collating and Dissemination of Information on Groundwater
Diary No: 36972/2024-CO/L

Congratulations

Congratulations !!

Congratulations !!

Congratulations !!

SHINING STAR

Geoffrey Hinton

British-Canadian computer scientist, cognitive scientist, and cognitive psychologist known for his work on artificial neural networks, which earned him the title "**the Godfather of AI**".

Geoffrey Everest Hinton (born 6 December 1947) is a British-Canadian computer scientist, cognitive scientist, and cognitive psychologist known for his work on artificial neural networks, which earned him the title "the Godfather of AI".

Hinton is University Professor Emeritus at the University of Toronto. From 2013 to 2023, he divided his time working for Google Brain and the University of Toronto before publicly announcing his departure from Google in May 2023, citing concerns about the many risks of artificial intelligence (AI) technology.[9][10] In 2017, he co-founded and became the chief scientific advisor of the Vector Institute in Toronto.

With David Rumelhart and Ronald J. Williams, Hinton was co-author of a highly cited paper published in 1986 that popularised the backpropagation algorithm for training multi-layer neural networks, although they were not the first to propose the approach. Hinton is viewed as a leading figure in the deep learning community. The image-recognition milestone of the AlexNet designed in collaboration with his students Alex Krizhevsky and Ilya Sutskever for the ImageNet challenge 2012 was a breakthrough in the field of computer vision.

Hinton received the 2018 Turing Award, together with Yoshua Bengio and Yann LeCun for their work on deep learning. They are sometimes referred to as the "Godfathers of Deep Learning" and have continued to give public talks together. He was also awarded, along with John Hopfield, the 2024 Nobel Prize in Physics for "foundational discoveries and inventions that enable machine learning with artificial neural networks".

In May 2023, Hinton announced his resignation from Google to be able to "freely speak out about the risks of A.I." He has voiced concerns about deliberate misuse by malicious actors, technological unemployment, and existential risk from artificial general intelligence. He noted that establishing safety guidelines will require cooperation among those competing in use of AI in order to avoid the worst outcomes. After receiving the Nobel Prize, he called for urgent research into AI safety to figure out how to control AI systems smarter than humans.

Education

Hinton was born on 6 December 1947 in Wimbledon, England, and was educated at Clifton College in Bristol. In 1967, he matriculated as an undergraduate student at King's College, Cambridge, and after repeatedly switching between different fields, like natural sciences, history of art,

and philosophy, eventually graduated with a Bachelor of Arts degree in experimental psychology at the University of Cambridge in 1970. He spent a year apprenticing carpentry before returning to academic studies. From 1972 to 1975, he continued his study at the University of Edinburgh, where he was awarded a PhD in artificial intelligence in 1978 for research supervised by Christopher Longuet-Higgins, who favored the symbolic AI approach over the neural network approach.

Career

After his PhD, Hinton initially worked at the University of Sussex and at the MRC Applied Psychology Unit. After having difficulty getting funding in Britain, he worked in the US at the University of California, San Diego and Carnegie Mellon University. He was the founding director of the Gatsby Charitable Foundation Computational Neuroscience Unit at University College London. He is currently University Professor Emeritus in the Department of Computer Science at the University of Toronto, where he has been affiliated since 1987.

Upon arrival in Canada, Geoffrey Hinton was appointed at the Canadian Institute for Advanced Research (CIFAR) in 1987 as a Fellow in CIFAR's first research program, Artificial Intelligence, Robotics & Society. In 2004, Hinton and collaborators successfully proposed the launch of a new program at CIFAR, "Neural Computation and Adaptive Perception" (NCAP), which today is named "Learning in Machines & Brains". Hinton would go on to lead NCAP for ten years. Among the members of the program are Yoshua Bengio and Yann LeCun, with whom Hinton would go on to win the ACM A.M. Turing Award in 2018. All three Turing winners continue to be members of the CIFAR Learning in Machines & Brains program.

Hinton taught a free online course on Neural Networks on the education platform Coursera in 2012. He co-founded DNNresearch Inc. in 2012 with his two graduate students Alex Krizhevsky and Ilya Sutskever at the University of Toronto's department of computer science. In March 2013, Google acquired DNNresearch Inc. for \$44 million, and Hinton planned to "divide his time between his university research and his work at Google".

In May 2023, Hinton publicly announced his resignation from Google. He explained his decision by saying that he wanted to "freely speak out about the risks of A.I." and added that a part of him now regrets his life's work.

Tech Flash

GOOGLE AI STUDIO

Google AI Studio is a web-based integrated development environment developed by Google for prototyping applications using generative AI models. Released in December 2023 alongside the Gemini API, the platform provides access to Google's Gemini family of models and related tools for image, video, and audio generation. The service targets both developers and non-technical users for testing prompts and generating code for the Gemini API.

History

Google launched AI Studio on December 13, 2023, as the successor to Google MakerSuite. MakerSuite, introduced at Google I/O in May 2023, had provided similar functionality for Google's PaLM language models. The AI Studio was launched alongside the public release of the Gemini API.

Google has officially launched Workspace Studio, a powerful new tool that lets anyone design and deploy AI agents across Gmail, Drive, Chat, and other Workspace apps — no coding required.

Features

AI Studio's interface consists of a central prompt area and a settings panel for model selection and parameter adjustment. The platform supports chat prompts for multi-turn conversations and includes system instructions for defining model behavior, tone, or specific rules. Users can employ zero-shot and few-shot prompting techniques to guide the model's output format.

The platform processes various media types including video, audio, and documents, and can generate images through Imagen models, videos through Veo models, and audio through text-to-speech functionality. Additional tools include real-time streaming for screen sharing and live analysis, code execution in a sandboxed Python environment, grounding with Google Search for current information, URL context for analyzing specific web

pages, and a thinking mode for complex reasoning tasks.

Available models

The platform provides access to several Google AI models including the Gemini language models, Imagen for image generation, Veo for video generation, LearnLM for educational applications, and Gemma, Google's open-source model family.

Privacy and data usage

Google AI Studio's data handling differs between free and paid users. For free tier users, Google uses submitted prompts, uploaded files, and generated responses to improve its products and services, with human reviewers potentially reading and annotating the data after disconnection from user accounts. Google advises against submitting sensitive information on the free tier.^[19] Users who enable Google Cloud Billing are considered paid service users, and their data is not used for product improvement. Data is processed according to Google's Data Processing Addendum and retained temporarily for abuse monitoring.

Availability

The platform is available at no cost, with API usage subject to a free tier with daily and per-minute rate limits.^[20] Access is restricted to users aged 18 and older in specific countries and territories. The service was initially unavailable in the United Kingdom and European Economic Area due to regulatory concerns, which drew user complaints.

Sweet Memories with our Students
