

AMRUTVAHINI COLLEGE OF ENGINEERING, SANGAMNER

DEPARTMENT OF COMPUTER ENGINEERING

IBM ACADEMIC INITIATIVE

IBM academic initiative runs in the Department of computer engineering from 2015-2016.

In charge Faculty Members - Dr. M. A. Wakchaure , Prof S. R. Pandit

Objectives – To execute the activities runs under the IBM academic Initiative.

- To Start IBM Centre of Excellence in Department of computer Engineering.

Website – www.ibm.com/academicinitiative

The **IBM Academic Initiative** is a globally available, self-service program that provides students and faculty at accredited **academic** institutions with access to select **IBM** resources at no-charge for classroom and non-commercial research purposes.

To access following contents

1. Software and hardware
2. Curriculum ,tutorials and other learning resources
3. Certifications and Trainings
4. Forums and technical support
5. Community news, events and related information

Take advantage of our new member-only Academic Initiative for Cloud offer described at https://www.ibm.com/ibm/university/academic/pub/page/cloud_program. Through this, you can nominate a course in which you'd like to teach using IBM's platform as a service: **IBM Bluemix**. For qualified courses, we will extend your Bluemix trial access to 12 months (no fees or credit card needed). The offer also enables your students to create their apps in the cloud as part of your course for up to six months (no fees).

At the end of your one-year Academic Initiative membership, we will email you a reminder to renew for another year. You'll need to complete your member profile by providing information about how you use our resources before you can submit a renewal application. The content you

receive through the IBM Academic Initiative program only be used for teaching, learning, and non-commercial research.
